Student Ambassadors & Testimonials

I chose INTI because of its university partnership with Sheffield Hallam University, UK. I really appreciate the facilities and the staffs here as all my lecturers are helpful and dedicated. In Interior Design, I have learned many concepts on how to convert empty spaces into functional areas. I probably will pursue my Master here at INTI as I believe INTI provides quality education.

Yannick, 21

Mauritius

**BA (Hons) Interior Design
3.5+0 Sheffield Institute of Arts,
Sheffield Hallam University, UK**

INTI has many social events and activities organized by the students. I blended well and quickly with the community here as they are all very friendly and helpful. It is not easy to study abroad and stay far away from home but INTI has motivated me to socialize with friends and stay active in society clubs to understand the culture better here in Malaysia.

Aibike Isaeva, 17

Kyrgyzstan

Diploma in Mass Communications

Student Ambassadors & Testimonials

I studied hospitality and hotel business in theory but that is not all, INTI has hotel simulation that allows me to do my practical as well as using the Opera System.

This education experience has fully prepared me to start my career in the hospitality industry. I am starting to feel comfortable staying in Malaysia.

 **INTI** International
University & Colleges
Akane Kochi, 21

Japan

Diploma in Hotel Management

I am taking Mass Communication, majoring in broadcasting. I also learn videography, editing and communication.

After studying in INTI, my English has improved tremendously and I can speak fluently with my friends here in Malaysia. I have a dream to work in foreign countries as an underwater videographer to capture marine life and share it with the world.

Oka kirita, 21

Japan

**Bachelor of Mass
Communications (Hons)**

 **INTI** International
University & Colleges

Student Ambassadors & Testimonials

I was planning to go to the USA but I had to improve my English level and prepare myself for the education level so I chose INTI.

It provides the same American education and certification for a lower price. The study option is also flexible where we get to choose 2 or 3 years here and then 2 or 1 year in the US. When I came here to study, I became more responsible because living alone without parents' support really changed me.

INTI combines face-to-face and blended learning where we can learn in the class or by ourselves at home using the web. I like to join INTI Leadership Series to gain more exposure and experience in clinical interview. My advice is to go to Malaysia and improve your English level.

 **INTI** International
University & Colleges

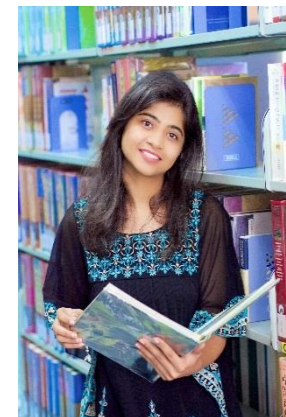

Daniel Vainerman
Kyrgyzstan
AUP in Business

INTI has a high reputation in the education industry and is well-known for its unique style of teaching and learning.

INTI offers dual award MBA where one is awarded by INTI and another one is awarded by University of Hertfordshire, UK. This will allow me to either pursue my career in UK or Malaysia.

I have become more independent and adaptable to the environment here.

Anum, 24
Pakistan
Master in Business Administration (MBA)

 **INTI** International
University & Colleges

Student Ambassadors & Testimonials

Suleman Jamshed Qureshi
Pakistan

AUP in Business

I chose INTI because it can provide me the same quality of American education with global recognition that allows me to transfer to any top university of my choice in the US. Furthermore, the low cost of living in Malaysia with friendly Muslim community makes it even easier to live and study here.

When I first arrived in Malaysia, I was glad that I received strong support from the international team in settling me in. They would ensure that we, the international students' welfare are being well taken care of. I gained exceptional experience during my studies and internship. We had great exposure to real-life industry business due to the collaboration opportunity we had with industry partners such as GE, LinkedIn, IBM and many more. Learning was made even more interactive with Blackboard, an online learning platform which provides flexibility to our busy schedules.

We also have wide career opportunities with career services team which is always bridging the students with the employers. I really enjoy my time here.

Afra Anjum Khan
Bangladesh

Bachelor of Business (Hons)
in Business Administration

I chose INTI because it is a good and reputable international university. Furthermore, it is affordable and the KL campus is amazing. The location is very convenient where it provides easy access to public transportation.

Learning in INTI is innovative because we not only learn from books, lectures but also through online. We learn through online system as well. Blended learning is being emphasized here where there is a combination of traditional face-to-face lectures and online Blackboard platform. This online learning system motivates us to self-study with exam simulation. It is challenging yet effective.

I was exposed to vast opportunities for project collaboration with industry partners and as well as other international students. We are also given the chance to study in UK at the same price with the Semester Abroad Programme. My advice is to join INTI. I love INTI.

INTI is my home.

Student Ambassadors & Testimonials

I graduated in February 2016. When I joined INTI, I got to make new friends from different countries and enjoyed learning the different types of cultures from around the world.

My course of study is very interesting because we have many practical classes such as cooking, serving and F&B management where we need to manage the whole restaurant by ourselves. I was also exposed to event management and gained essential skills from organizing events whereby the preparation to the completion was being done all by ourselves. It was tiring but satisfying because it turned out to be very successful.

I was nervous and shy when I first arrived here but along the way I built my confidence and became more independent. Malaysia is a comfortable country with friendly locals. My advice is do not be afraid to strive for your future. Just go for it.

Ai Kusuda
Japan
Diploma in
Hotel Management

My name is Shabry Sameen and I'm from Sri Lanka. Thanks to INTI International University and Laureate Network I was fortunate to go study abroad in The United Kingdom and it was an incredible experience. It is so amazing to see the cultural difference between these countries, and even more amazing to learn the different ways people do things.

Each day of my study experience was a challenge, but a nice one. I got to learn the languages, the food, people from other nationalities, live together with international students, which was great for my social networks and expand my cultural knowledge considerably. And all of that because I chose to get out there and see the world! Why wouldn't you do the same? I absolutely recommend studying abroad! You are going to grow incredibly much and become more independent as well.

Good luck studying abroad and enjoy it!

Shabry Sameen

The Future of Learning is Right Here at INTI

- Our Blackboard Learning Management System allows you to access learning materials, interact and collaborate in class all through a mobile device.
- Learning is made possible anywhere and everywhere.
- Analytics allow self assessment anytime and flag early-warning (to both learners and instructors) to get back on track

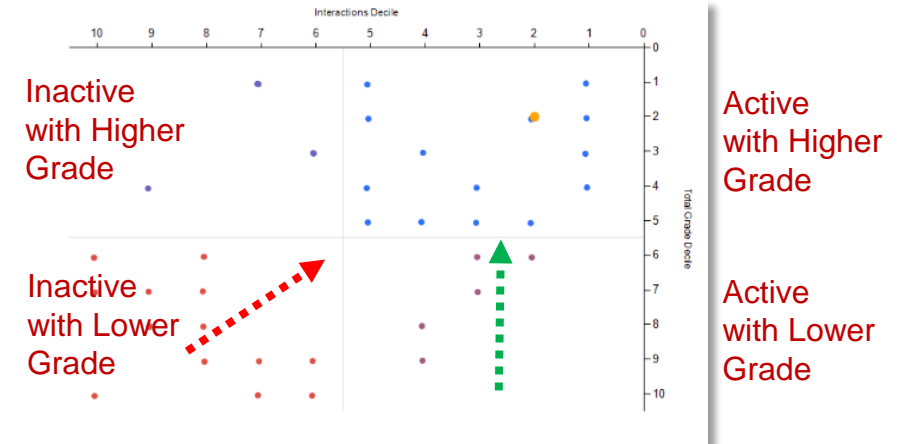

Effective Online Learning For The New Age

Measurable Assessments With Blackboard Analytics

Thread: last video Posted Date: 15 November 2015 13:28
 Post: RE: last video Status: Published
 Author: Overall Rating: ★★★★★
 ESTHER NAWAI ANAK RICKY -

Hi Yuying! Wow what a great topic and I can tell that you were very passionate about it. You displayed great story telling through voice modulation. You have now developed a neutral accent in your videos compared to your first and I feel that you've no longer feel awkward talking in front of a camera.

- On Blackboard, students are able to access course materials, collaborate and interact with fellow students and lecturers.
- Allow self assessments and supports as an active forum to interact, grow and share knowledge with peers.
- Allows Faculty to use Course Analytics to address at-risk students and improve retention matrix through the Instructor's Activity Matrix

Activity Matrix (one of the instructor's reports available on BB as shown above) is used as an effort in moving student(s) from lower to upper quadrant.

The Future of Learning is Right Here at INTI

- INTI's Faculty Industry Attachment (FIA) and Industry Advisory Board (IAB) ensures our curriculum stays relevant at all times
- Employer Projects give access to our students to work directly with world renown companies such as Motorola, Intel, Dell, Microsoft, Google and Mercedes Benz

Industry Relevant Curriculum

- INTI integrates industry relevant curriculum by lecturers undergo **Faculty Industry Attachment (FIA)** programs – Seconded to top industry partners to gain in depth understanding to the demands of new graduate hire and demands of
 - *BUSINESS: Kannaki Narayansany at GE*
 - *IT: Robina Tinawin at MIMOS*
- INTI establishes **Industry Advisory Board (IAB)** that call upon active and influential professionals and leaders in the industry to advise the academic boards on “fit and relevant” curriculum design and course delivery.

World Class Employer Projects

- INTI has established close ties with world leading companies to enable students to gain invaluable work experience before graduation.
- **More than 400 industry partners** have collaborated with us including Motorola, Intel, Dell, Microsoft, Google and Mercedes Benz.
- Project themes are realistic and will critically test and develop knowledge and apply their soft skills under actual business scenarios.

The Future of Learning is Right Here at INTI

— These are solid examples of Employer Projects giving students the immediate access to work with global brands

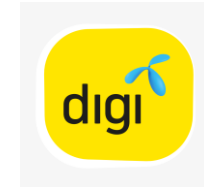

INTI-UOW Transnational Project

- 50 Bachelor of IT students were tasked to enhance the user friendliness of the shared services solution employed by Dell Malaysia.
- Students successfully leveraged video conferencing technology to overcome the vast geographical differences with the client and team members while providing innovative ideas that were of strategic value to Dell Malaysia.

Re-Branding Strategy & PR Campaign

- 36 PR students were tasked to revitalize IBM's branding to showcase their strengths in the shared service sector.
- Students went through the motion of a complete PR campaign including surveys, analytics which is aligned with industry best practices
- IBM gained new insights in branding while our students received invaluable real-life work experience as media practitioners for a global brand.

Group Sales Challenge

- 14 Finance and Accounting students collaborate with Digi to promote Digi's Products and Services at the Digi Store.
- The groups participated in a one-day Group Sales Challenge after having gone through workshops and sales training conducted by Digi representatives.
- Groups were given a seed fund of RM1,200 to set up a booth to promote Digi's products and services to fellow student. The groups further enhanced their communication, collaboration, creativity and critical thinking skills through the exercise.

Student Ambassadors & Testimonials

INTI has prepared me both theoretically and practically to obtain an internship placement at Mercedes-Benz Malaysia.

To prepare me well, INTI has conducted a 3-day workshop on resume preparation, dress etiquette and how to ace an interview.

I was happy working in the network development department where I can apply my finance knowledge on how to complete a balance sheet and perform account equations.

Develop Your Personal Brand To Gain The Edge

- Industry Partner Guest Speaker Series allow our students to learn directly from the expert.
- LinkedIn helps build a personal brand for each of our students before they graduate

The INTI
Edge

HANDS-ON LEARNING EXPERIENCE

Practical knowledge from the get-go

- Practical experiences is included in every program we offer.
- From local to international guest lecturers and industry practitioners, INTI's curriculum provides a solid foundation to create a truly well rounded graduate ready for employment.

LINKEDIN

Building Your Personal Brand &
Your Link To A World of Opportunities

- INTI has established collaboration with LinkedIn to leverage its powerful connections, and offer training for students to create their personal brand and profile that elevates their opportunities for employability.
- With a complete, job-ready LinkedIn profile even before they graduate, INTI students have the perfect platform to build and enhance their personal brand.

Develop Your Personal Brand To Gain The Edge

- Access to Google Ignite and Microsoft Virtual Academy certifications ensure our students a head start in digital knowledge for their future employment

The INTI Edge

GOOGLE IGNITE

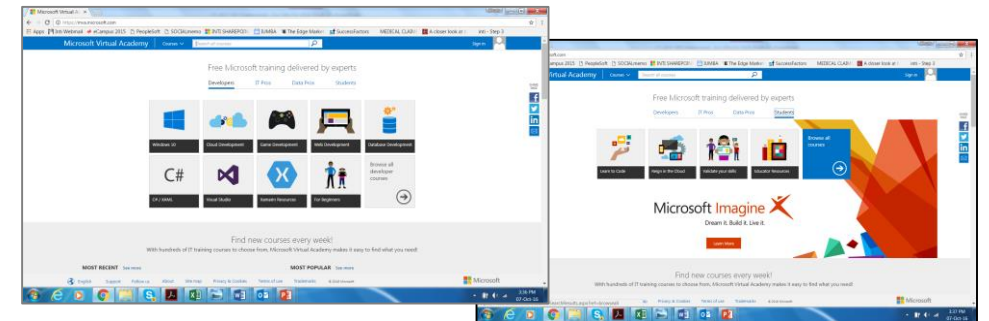

Get Accredited in digital marketing by the Experts!

- INTI collaborates with Google Malaysia to offer Google Ignite, an online digital marketing program that imparts the crucial fundamentals of digital marketing with optional advanced courses.
- Students who successfully complete the certification are invited to an exclusive career fair hosted by Google where they can apply for internships with Malaysia's top employers.
- 538 INTI students have successfully achieved certification as Google Adwords experts.

MICROSOFT VIRTUAL ACADEMY

Master Technology with one of the World's Biggest Names in Technology

- Through INTI's close ties with Microsoft, students enjoy access to the prestigious Microsoft Virtual Academy.
- Topics from coding to mobile app development can be learned virtually and students who successfully master these subjects will receive certifications and credibility for their future employment.
- Access to this Academy is provided for free to all INTI students.

Develop Your Personal Brand To Gain The Edge

- The Mentor-Mentee Program helps our new students familiarize and integrate quickly to a new campus environment
- We encourage parents and caregivers to provide and receive valuable feedback from our teachers of our student's development

The INTI
Edge

BI-ANNUAL PARENT/TEACHER MEETINGS

Get Valuable Feedback & Grow

- Parents and caregivers are invited twice a year to meet with the student's lecturers and academic staff to discuss their academic performance and explore ways to enhance it.

THE MENTOR-MENTEE PROGRAM

Expand Your Social Circles and Future Horizons

- New students and international arrivals at INTI are paired up with a senior student who acts as a role model and offers assistance in easing them into the new environment.
- This program effectively helps new students to form social bonds and helps them become a part of the close-knit INTI community.
- These social bonds are invaluable and provide a significant part of the support a student receives

Student Experiences

Passion Takes You Places

- At INTI, we provide every opportunity for our students to gain new experiences through platforms such as corporate social responsibility (CSR) efforts and international competitions

Nepal Disaster Relief 2016

Nepal

- A volunteer of students and staff from the Faculty of Traditional Chinese Medicine undertook a journey to Nepal to provide treatments to the ill and injured in their hour of greatest need.
- The team visited multiple regions in Nepal including Kathmandu, Bahrabise, Marming and Sangachok on their mission of mercy.

World Food Innovation Challenge 2016

Singapore

- A delegation of students from INTI International University participated in the World Innovation Challenge 2016 to develop innovative solutions to boost regional food security.
- The team worked to understand the challenges faced in the fields of agriculture, aquaculture and fisheries competing against teams from Southeast Asia.

Individual Development

A Healthy Mind. A Healthy Body.

- At INTI, we care for our student's performance and wellbeing holistically.
- A shift from high school to college can be stressful and we ensure our Counselling Teams are here to extend support when needed

INTI's Support & Counselling Team

Helping our students to excel Mentally, Emotionally, Socially & Academically (MESA)

M = Mental

- Trained team of counsellors to lend a friendly ear and hand through professional counselling in a confident and discreet manner
- New students are exposed to group workshops recognizing and addressing the risk of suicide, bullying, identifying depression

E = Emotion

- Emotionally healthy people are able to cope with the challenges in life and maintain healthy social ties.
- To avoid isolation and alienation, INTI assigns a senior student mentor to new students to guide and help them to adjust to a new academic life.

S = Social

- INTI offers robust social programs that engages students in a positive way. Clubs, societies, social networks proactively initiated by fellow students promote social interaction.
- These help to develop productive and well-rounded students

A = Academic

- Integration of Blackboard Learning Management System helps our students and Faculty alike to gain a view of their progress and identify areas for improvement.
- Regular workshops are conducted to acclimatize students to the rapid pace of learning and usage of the learning system.

New Students - First Semester Workshop

Individual Development

We Are Here For You

— Our Student Counsellors are trained professionals with extensive experience

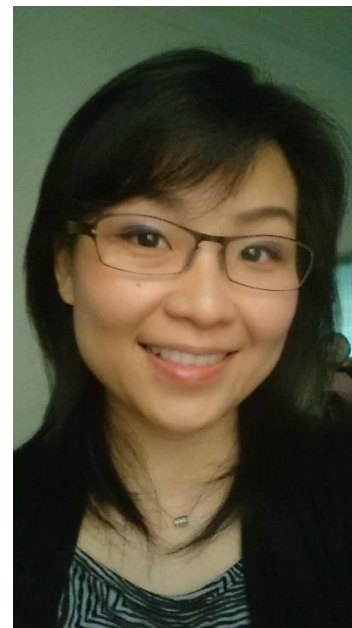

INTI's Support & Counselling Team

Helping our students to excel Mentally, Emotionally, Socially & Academically (MESA)

Lim Siew Yen
Manager/ Student Counsellor

With a Master of Education in Counselling from the University of Malaya and a Degree in Science and Education (Guidance & Counselling), from University Technology Malaysia, Siow Yen has extensive experience in dealing with students enduring relationship issues, depression, addiction and more.

Teow Ker Shin
Counsellor

With a Msc. Ed in Counselling from the National University of Malaysia, Ker Shin has a friendly smile and a kind word for everyone she meets.

She has extensive experience in counselling students on life issues and also conduct regular workshops for personal management and development.

Why American Degree Transfer Program at INTI?

— At INTI, we are the pioneer and is the most established American Degree Transfer Program in Malaysia

Extensive & Most Comprehensive Study Plans

More than 150 approved equivalency tables to ensure smooth transfers of credits to universities of USA

National Recognition

Received the **Certificate of Appreciation for Achievement in Trade** by the US Department of Commerce

Over 300 Universities

Extensive list of **American & Canadian Universities** to choose from

Largest Alumni Network

More than 15,000 students transferred to the US

Government Scholars Choose INTI

More than 300 MARA and JPA sponsored students chose INTI and successfully transferred to the US

Superb University Placement Office Services

Dedicated Team ready to assist in every aspect to support students' transition from visa applications to pre-departure briefings

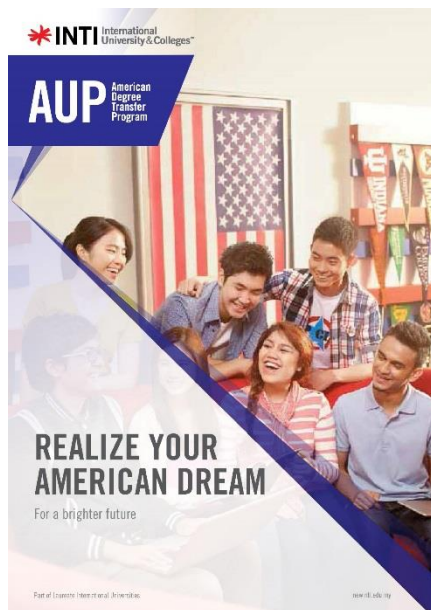

Exclusive Scholarships

Up to USD 1million scholarships awarded to our AUP students annually by the US Universities

Scholarships from US Universities 2015-2016 (USD)

University	Amount
Biola University	\$ 10,000.00

University of Wisconsin, Platteville	\$ 5,500.00
Winona State University	\$ 5,500.00

Grand Total \$ 959,388.00

Why American Degree Transfer Program at INTI?

- We are choice to government scholars from MARA and JPA who have successfully transferred to established universities in the US

Adzira Mohd Hizan, 20

MARA sponsored student now pursuing her studies in Psychology in University of Minnesota Twin Cities (UMN), USA

"What I like most about INTI is its campus life. During the day, everyone is back and forth from classes and offices, but by night, everyone is out either studying, playing sports, or even just hanging out. All these happening in the campus parameter is what I like most about INTI."

Hemapreya Selvanathan, 23

Currently pursuing her PhD in Social Psychology at the University of Massachusetts, Amherst, with a concentration in the Psychology of Peace and Violence.

"My favorite part about my experience at INTI was the lecturers and professors who taught me. Their dedication and passion for their profession showed me that I needed to pursue a career that gave me the same kind of passion!"

Tengku Amatullah Alya Binti T Mohd, 20

MARA sponsored student currently serving as the Asian Constituency Senator for the University of Iowa Student Government and working as an Engineering Student Ambassador for the College of Engineering

"The faculty and administration were really familiar with the American Education System. Besides that, INTI has a lot of network and connections with the universities in America."

Why American Degree Transfer Program at INTI?

- Successful alumni members spread across building their careers in the US and some as entrepreneurs in Malaysia
- Given how widely accepted American Education is, some students were successfully transferred to countries beyond America and Canada such as Australia, New Zealand and even Romania.

Alexandra Mei Kuen Tang,
26

Specialization in Biochemistry, Molecular Biology & Genetics now working as a researcher in University of Minnesota Twin Cities – Masonic Cancer Centre.

"I chose INTI AUP because of its strong track record for transferring credits to any US education institution that has partnership with the program. Another major plus is that I have the flexibility to tailor my degree pathway (2+2), which makes my education more affordable without compromising the quality."

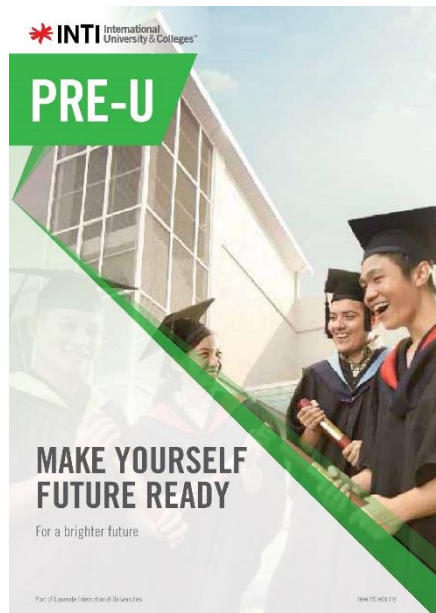

Wong Yewho, Nicklaus,
24

Specialization in Mechanized Systems Management, now Chief Operating Office and Co-Founder of Uweeee Services Sdn Bhd.

"I was streamed into an economy and accounting focused class when I was high school and.... I wanted to take on an engineering program. I did not know what else I could do until I stumbled upon an INTI counsellor who began my journey at INTI."

Why Pre-University Program at INTI?

- We produce students with outstanding results trained by a team of respected Subject Matter Experts (SME)
- More importantly, we have a dedicated University Placement Office team to facilitate, prepare and support your university applications

World-Class Subject Matter Experts

Staffed by some of the world's best lecturers as well as a team of respected **Subject Matter Experts (SME)**.

This ensures our courses offered are kept relevant and to the world's highest standards

Results Speak For Themselves

For three consecutive years since 2014, INTI has produced students who received **Outstanding Cambridge Learner Awards** – World ranking for AS Level Maths, AS Level Economics and Level Law.

More than 35% of Pre-U students have consistently scored A for Biology, Chemistry, Further Mathematics and Physics.

Superb University Placement Office Services

Dedicated Team ready to assist in every aspect to support students' transition from visa applications to pre-departure briefings.

This includes preliminary budgeting for living abroad, advice to craft an effective study plan to meet the English entry requirements for a selected academic program

Regular 'mock interview' workshops to enable students to practice their skills before undertaking an actual university placement interview.

Assistance with facilitating a letter of recommendation for university applications for eligible students

Why Pre-University Program at INTI?

- Well respected and highly experienced Subject Matter Experts (SMEs) strongly supporting the academic development of our students

Why Pre-University Program at INTI?

- We enrich learning of our Pre-U students beyond the classroom to cover both industry visits and community events

Learning Field Trips

Off campus excursion help expands a student's horizon as well as their knowledge of a subject. Hands-on experience is a critical aspect of the INTI Pre-U course.

Colors of Colors – 2016

Students organized a run for charity with proceeds going to an orphanage

Bank Negara Study Trip – 2015

Students visited Bank Negara to see Malaysia's financial and monetary system up close

Project Chelonia - 2014

A leadership camp where students were educated on endangered sea turtles

Why Pre-University Program at INTI?

Learning Field Trips

Off campus excursion help expands a student's horizon as well as their knowledge of a subject. Hands-on experience is a critical aspect of the INTI Pre-U course.

Study trip to Singapore

Study Trip to Thailand

Palace of Justice Visit

Factory Visit

Why **Business** at INTI?

- Business is the widest field of study across Malaysia
- Practical experience and developing soft skill sets will set our students apart

The Market Place is Rapidly Changing

- **The future of jobs and the skill sets are evolving**
(such as App Developer, Chief Listening Officer, Social Media Manager, Generation Experts)
- **Reflecting entry of Gen Z**
(self starters with an ambition to be entrepreneurs)
- **Employers are becoming more selective in hiring**
(Fresh graduates have unrealistic expectations)

What Would Help Them Secure A Job?

- **Practical Experience and Improving Soft Skill Sets are more important than just academic results**

<http://www.jobstreet.com.my/career-resources/employers-fresh-graduates-unrealistic-expectations/#.WASUPvI97Dd>

<http://www.forbes.com/sites/meghancasserly/2012/05/11/10-jobs-that-didnt-exist-10-years-ago/2/#34cbc09e49b5>

Why Business at INTI?

- UOW is ranked top 2% in the world
- Practical experience and developing soft skill sets will set our students apart

UNIVERSITY
OF WOLLONGONG
AUSTRALIA

Worldwide Recognized Degree

- UOW is ranked **top 2% in the world.**
- Recognised as **one of the world's best modern university**,
17th in the world – QS Top 50 Under 50 Rankings 2015
- 5 Star University
- Top 1% For Graduates As Rated By Global Employers

Industry Exposure

- Employer projects, employer lectures, international lectures, employer case studies, industry visits during course of study
 - Employer projects with GE, HLB Ler Lum, Tourism Malaysia, Renaissance Kuala Lumpur Hotel, IBM, Bursa Malaysia, etc.
 - Employer lectures by Mercedes Benz, BDO
 - Employer case studies with Zalora

Software Exposure

- Students exposed to softwares like SPSS; eView; GRET; MYOB

International Accreditation

- Graduates of the Bachelor of Commerce (Accountancy) meet the accreditation requirements of [CPA Australia](#), [Chartered Accountants Australia and New Zealand](#), the [Institute of Public Accountants](#) and the [Association of Certified Chartered Accountants](#).
- Exemptions in the qualifying programs for membership of the [Association of International Accountants](#) (AIA) and the [Malaysian Institute of Certified Public Accountants](#) (MCPA) are also available to graduates of the above programs, as is associate membership of [The Tax Institute](#).

Professional Recognition – eligible for membership

- Finance – FINSIA (Financial Services Institute of Australasia)
- Marketing – AMSRS Australian Market & Social Research Society; AMI (Australian Marketing Institute)

Why Business at INTI?

- UH Ranked in the top 50 best UK universities as chosen by major employers according to Times Higher Education
- Practical experience and developing soft skill sets will set our students apart
- Business & Mass Communication subjects

Worldwide Recognized Degree

- Ranked in the top 50 best UK universities as chosen by major employers according to Times Higher Education
- Ranked 21st in the UK, UH has achieved the best employment rate of 96.2% graduates in the east of England region
- QAA Higher Education 2015 Review: Identified engagement with collaborative partners as an area of good practice describing UH as 'inclusive, developmental and enhancement-oriented'

Industry Exposure

- Employer projects, employer lectures, international lectures, employer case studies, industry visits during course of study

Redesigned Marketing Programme

- Availability of 3 different pathways (elective groups)
 - Business Analytics
 - Digital Marketing
 - Advertising

Why Business at INTI?

Curriculum change is necessary to ensure our graduates stay relevant in the industry

Why Business at INTI?

Practical experience and improved soft skills will set our graduates apart from the rest in successful employment

“161,000 graduates or 8.8% of youths, aged between 20 and 24 years, had yet to find a job.” said Minister

in the Prime Minister’s Department Abdul Wahid Omar

Source: 12 May 2015, <http://www.freemalaysiatoday.com/category/nation/2015/05/12/400000-unemployed-in-msia-mostly-graduates/>

There are currently **200,000 or 9.3% unemployed graduates in the country** – not including those who

have just completed their diplomas, certificate programmes and Sijil Pelajaran Malaysia (SPM) according to the Malaysian Employers Federation (MEF). Last year alone, some 26,000 people were retrenched and more expected this year

Source: 15 Feb 2016, <http://www.thesundaily.my/news/1693673>

Why **Business** at INTI?

We embark on a research to identify what are the important competencies (and capabilities) to succeed in the workplace

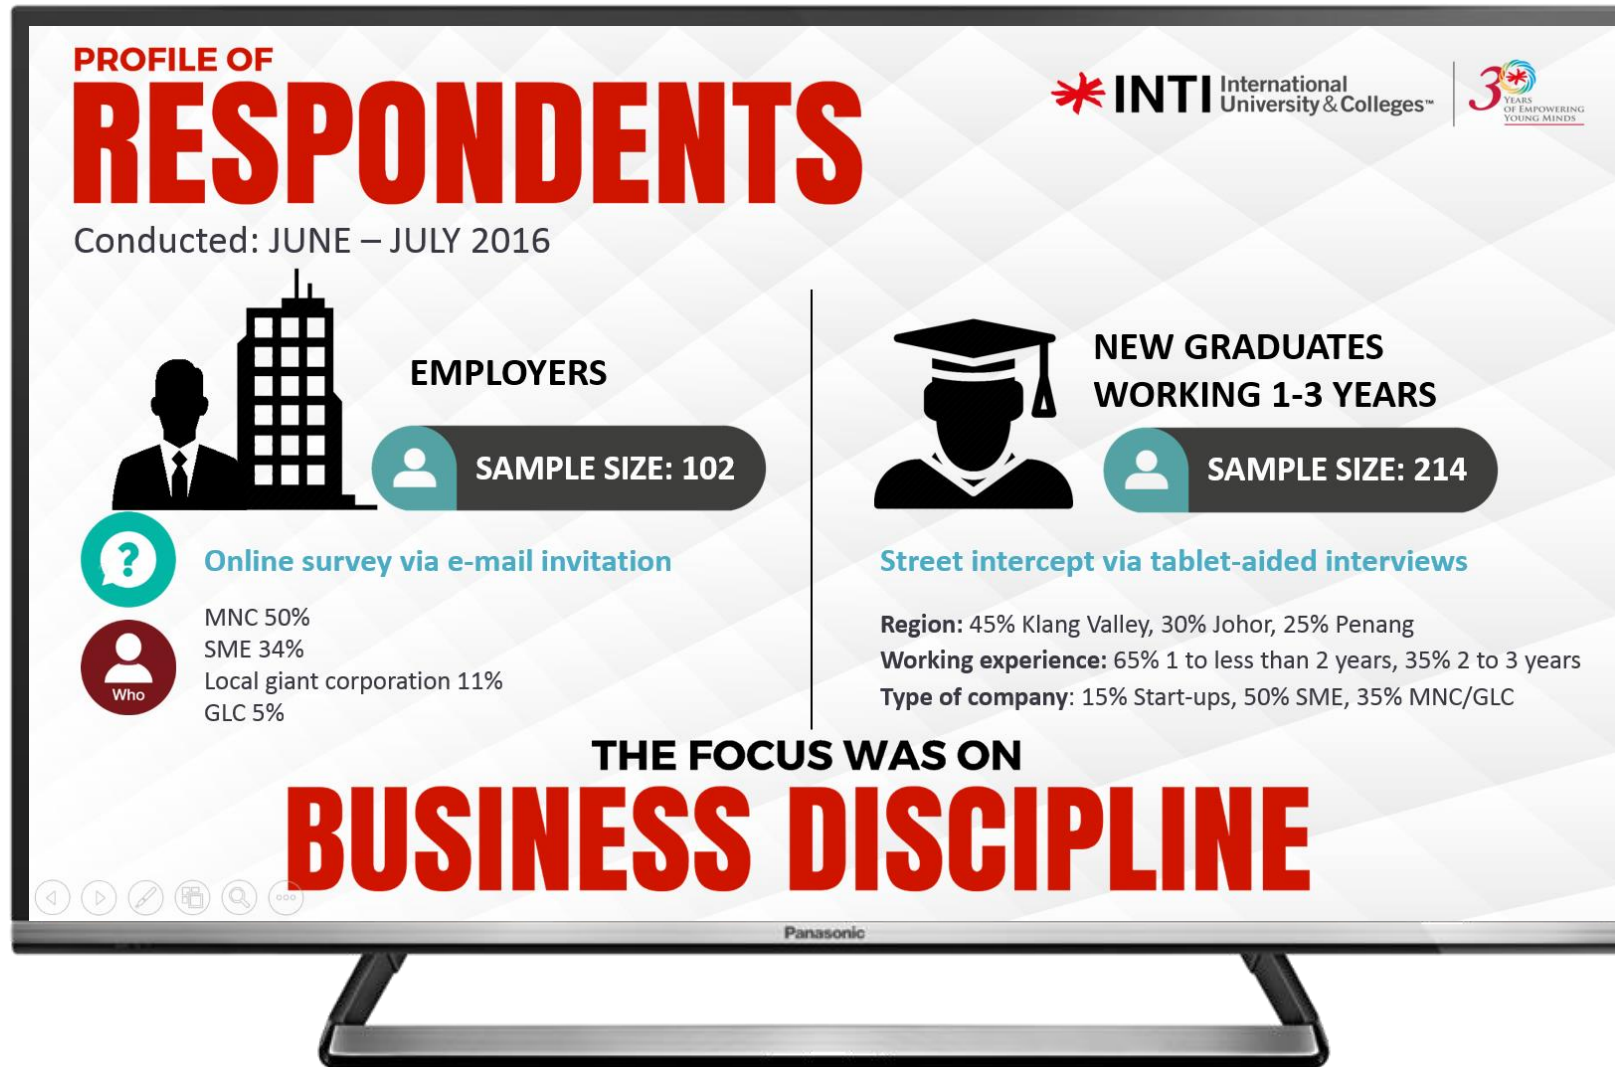

OBJECTIVES

To identify the key competencies that are important to succeed in the workplace both from an employer and new graduate perspective.

To ensure that our curriculum is in-line with the evolving needs of the workplace

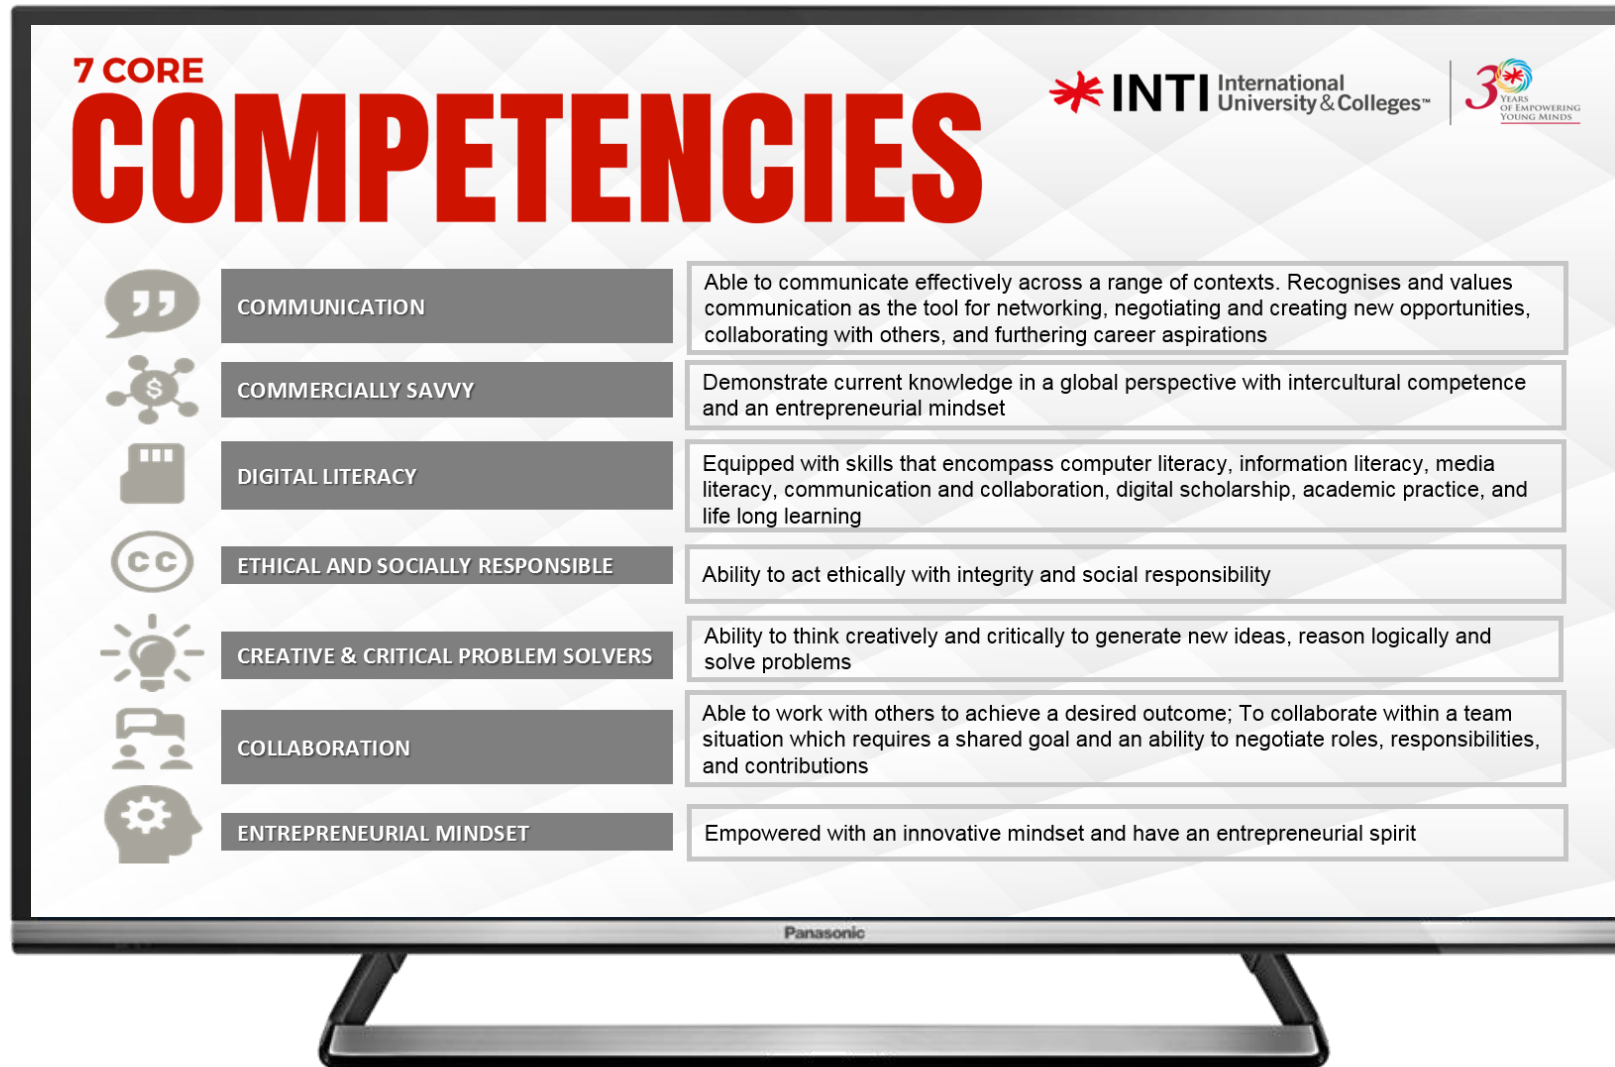

Why Business at INTI?

We spoke to Employers and New Graduates to gain the relevant insights

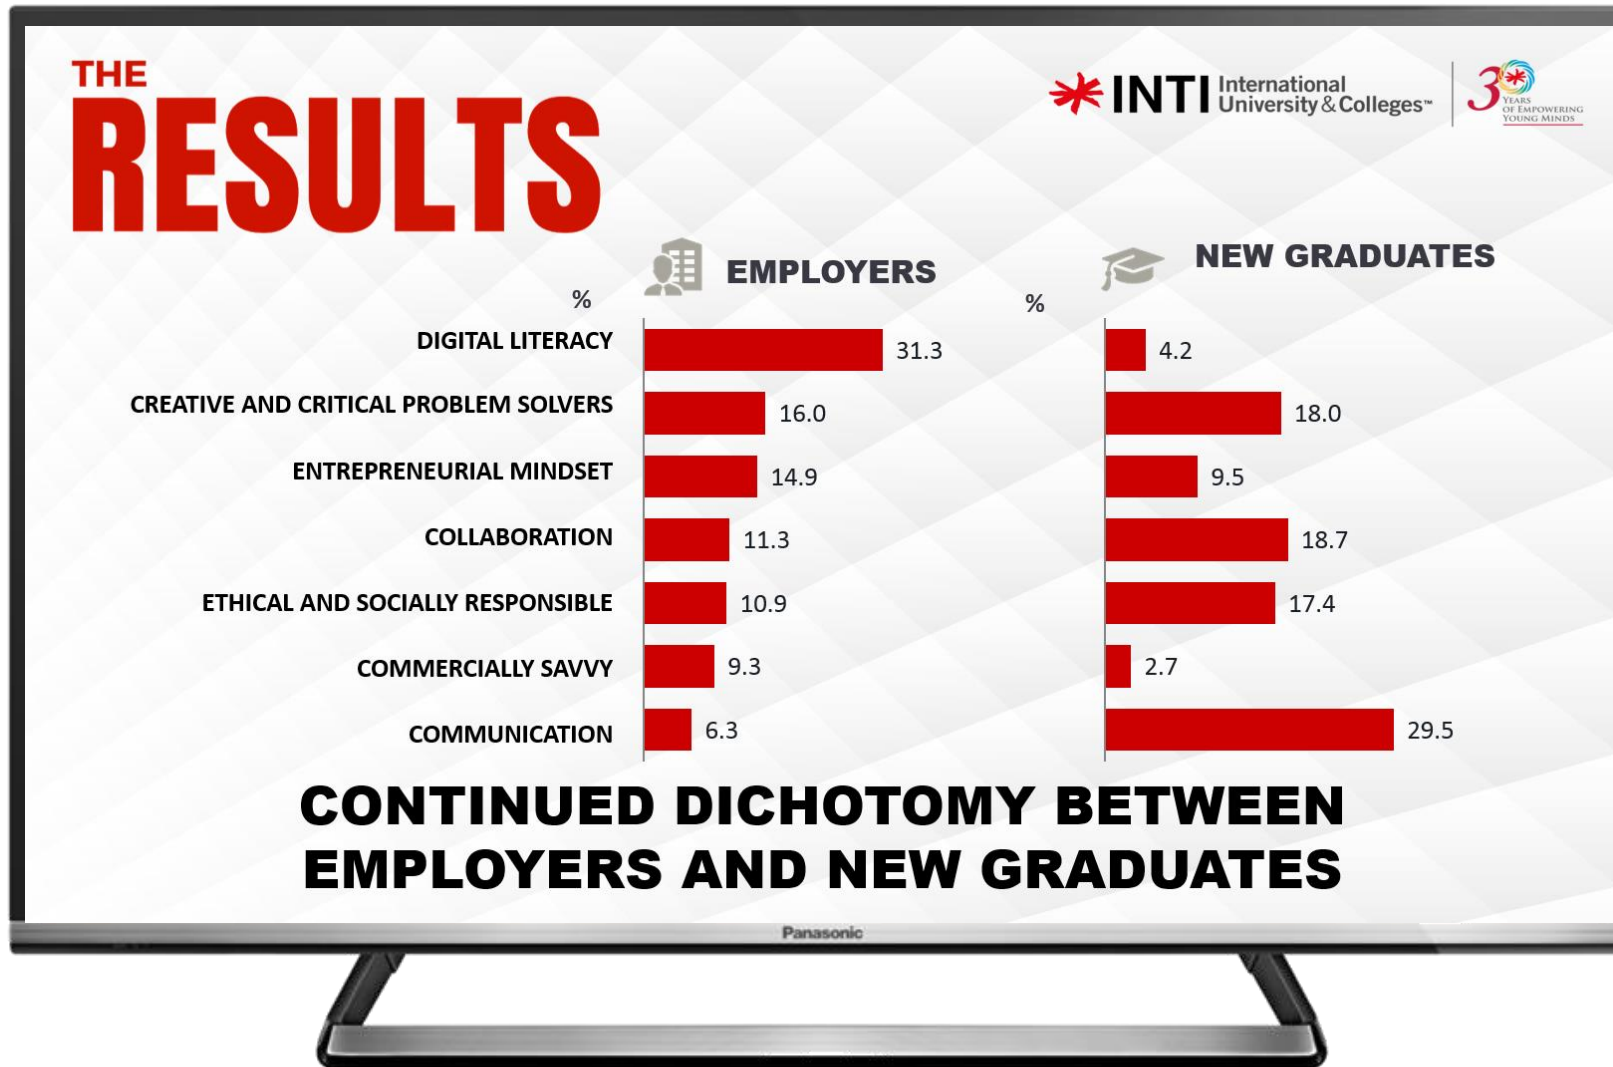

Why Business at INTI?

We identified 7 key competencies and understood how both groups viewed them

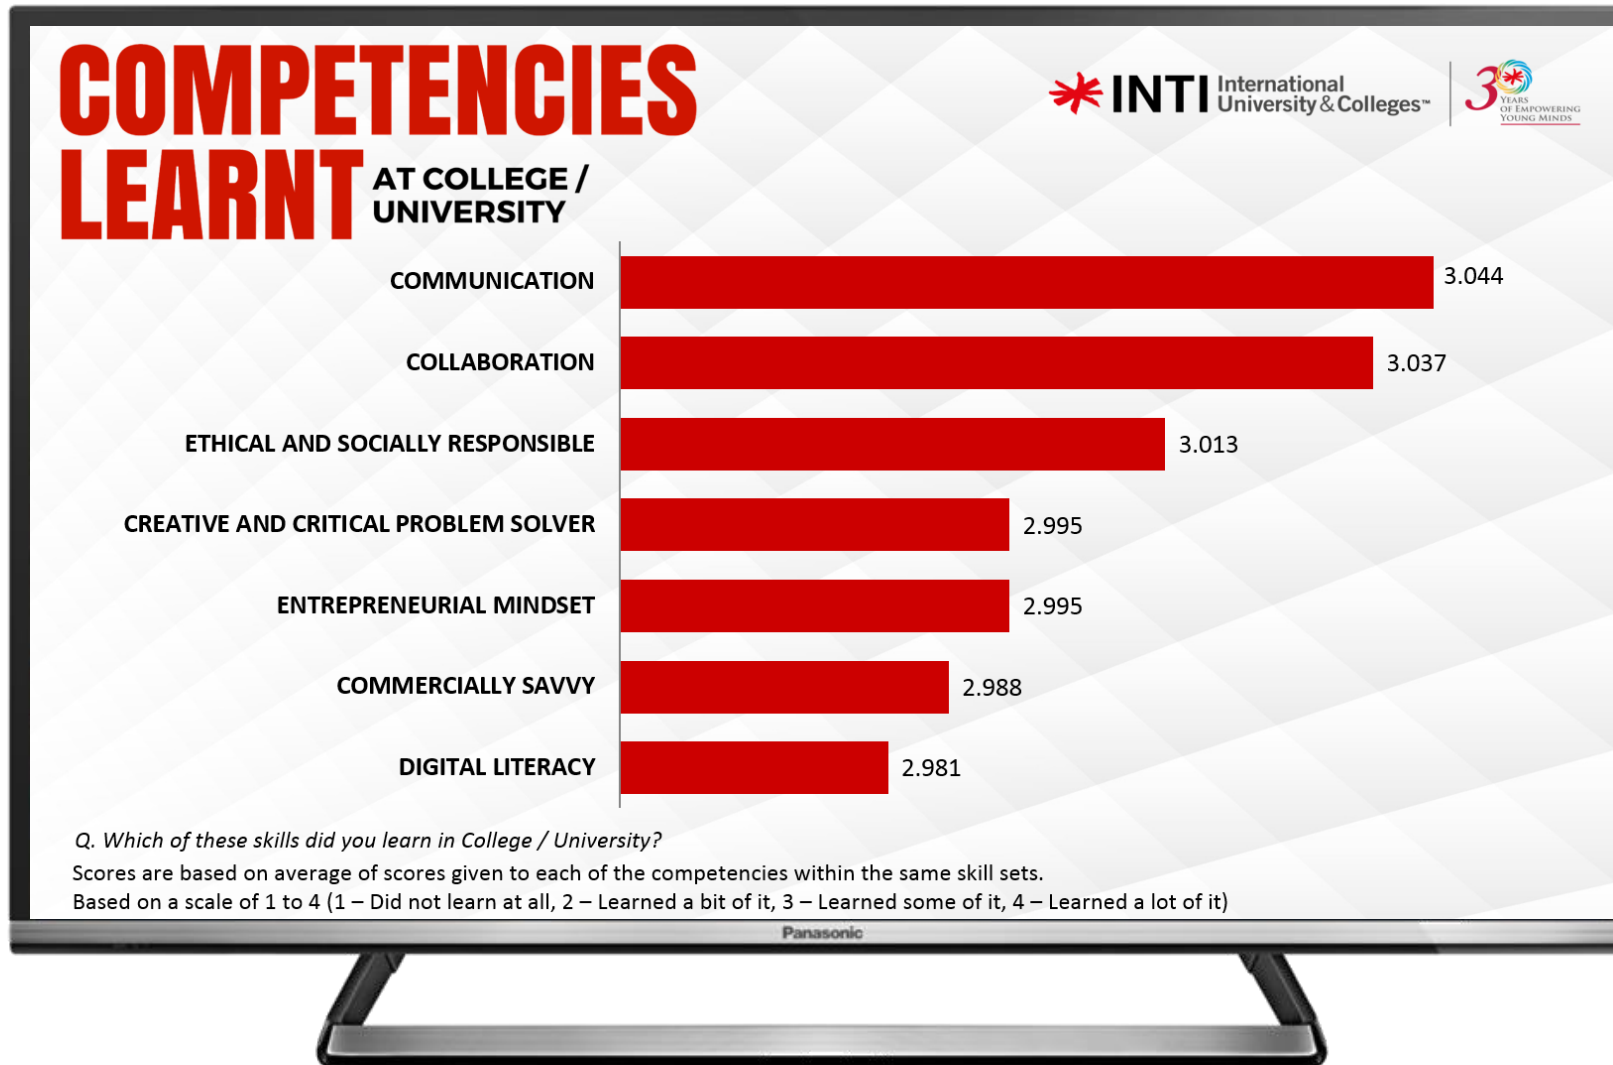

Why Business at INTI?

There was a huge contrast between both the groups

Why Business at INTI?

New graduates identified that what they learnt in school is the most important (which isn't the same as what Employers would expect)

Why Business at INTI? Bachelor of Business Degree at IIU

Year	Human Resource Management NEW
HRM is a complex subject which must often be experienced rather than taught.	
Y1	<ul style="list-style-type: none"> • Visit actual organisations, interviewing HR leaders to understand how organisations are structured • Gain insights to different structures
Y2	<ul style="list-style-type: none"> • Learn organisational behaviour through actual role play, presentations to industry partners • Look into discrepancy between organisation's values, reviewing performances.
Y3	<ul style="list-style-type: none"> • Dive into practical learning, taking employer projects and working with fellow students from other disciplines. • Conclude with a 4-month internship program

Year	Accounting NEW
While highly challenging, Accounting has often been considered a dry subject due to many rigid accounting principles.	
Y1	<ul style="list-style-type: none"> • Exposed to the current formats of financial statements used • Prepare own financial statements using Excel to learn accounting conventions
Y2	<ul style="list-style-type: none"> • Learn to apply international accounting standards through case studies • This cultivates skills to analyse and solve problems
Y3	<ul style="list-style-type: none"> • Gain direct access to top management of companies and present their recommendations. • This includes workshop participation organized by IRB and RMC. • Conclude with a 4-month internship program

Why Business at INTI? Bachelor of Business Degree at IIU

Year	Marketing NEW
------	----------------------------

Marketing is traditionally an area of study which requires insights into theories and concepts ranging from demographic studies to product management

Y1	<ul style="list-style-type: none"> Students gain international perspective by researching the macroeconomic indicators of actual countries through data, research and analysis. Develop skills in research
Y2	<ul style="list-style-type: none"> Marketing Principles will cover real world issues through employer projects – Working with a company to develop and present a marketing plan capturing factors influencing company's decision
Y3	<ul style="list-style-type: none"> Learn a series of subjects including Integrated Marketing Communications and Service Marketing. Articulate ideas through 21st century channels such as blogs, journals, social media. Full scale employer projects Conclude with a 4-month internship program

Year	Finance NEW
------	--------------------------

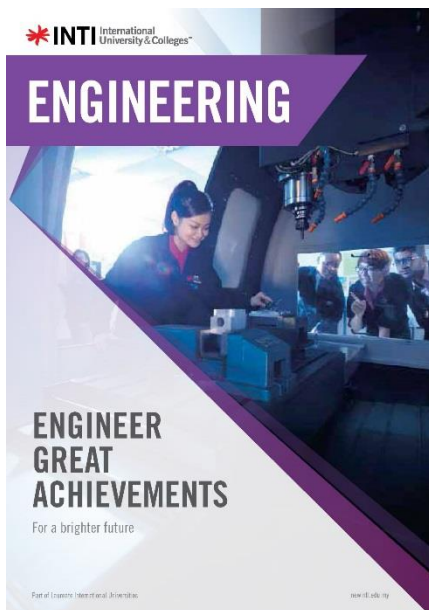

A highly technical area of study requiring in depth knowledge of formulas and theories, Finance equally requires exposure to real world scenarios.

Y1	<ul style="list-style-type: none"> Review and analyse companies listed in the international stock market to determine their suitability for investments. Leverage advance levels of excel and conduct interviews with companies
Y2	<ul style="list-style-type: none"> Expose to types of costing methods Drafting memo to senior management teams of their recommendations
Y3	<ul style="list-style-type: none"> Financial Market, Investment Analysis, Islamic Banking and Portfolio Management introduces volatile studies in bonds, forex through educational games Syariah compliant banking surrounding Sukuk or Islamic Bonds. Guest speakers from Bursa Malaysia Conclude with a 4-month internship program

Why Engineering at INTI?

- Our Engineering programs are professionally accredited and recognized by industry
- We are first to invest and introduce industry modelling software into classrooms

Professional Accreditation & Recognition

Graduates for Quantity Surveying will receive **full accreditation and recognition** from the Board of Quantity Surveyors Malaysia (BQSM) and the Royal Institution of Chartered Surveyors (RICS), UK.

Industry Software First in our Classrooms

Among first private institution to invest and introduce Glodon Building Information Modelling Software (BIMS) – A 3D model-based program used to efficiently plan, design, manage buildings and infrastructure as early in the first semester.

Strong Articulation Pathway

International Articulation with the leading Australia Group of Eight that consists of Australia's eight leading research universities with several notable UK universities including the prestigious Coventry University.

Students from DME can continue overseas with the maximum of close to two years equivalent credit transfer. Other strengths are tied with the degree program.

Full Scholarships

High achievers receive full scholarships from University of New South Wales (UNSW), University of Tasmania (UTAS) and Queensland University of Technology (QUT)

Students from Diploma in Mechanical Engineering (DME) received full scholarships at the University of New South Wales (UNSW) through the Golden Jubilee scholarship program. Since its inception in 1999, the Golden Jubilee scholarship has been awarded to 18 students who received approximately AUD717,360 (RM2,314,937.29) in total.

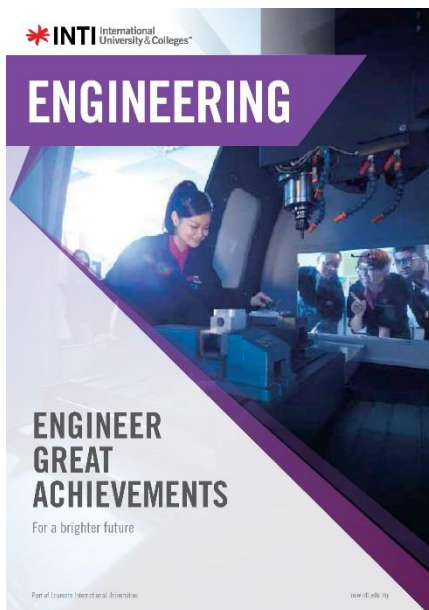

Hands-On Experience

Extra Curricular Activities in addition to internship such as the Engineering Fair (Year 1 Class Project) and INTIgenieur Challenge (Final Year Project) that showcases our student's innovation as a mini project.

Engineer to deliver positive social impact

Developing individuals that drive social impact - **Ganesh Muren**, successfully created a solar-powered device to produce clean water and electricity in rural communities across Malaysia.

Why Engineering at INTI?

Mechanical Engineering

International Articulation with the leading Australia Group of Eight that consists of Australia's eight leading research universities with several notable UK universities including the prestigious Coventry University.

Students from DME can continue overseas with the maximum of close to two years equivalent credit transfer. Other strengths are tied with the degree program. Until now, they have successfully transferred to established universities in Australia, namely The University of Adelaide, The University of New South Wales, Queensland University of Technology, The University of Queensland, Swinburne University of Technology, Australian National University, RMIT University, The University of Tasmania.

High achievers receive full scholarships from University of New South Wales (UNSW), University of Tasmania (UTAS) and Queensland University of Technology (QUT)

Quantity Surveying

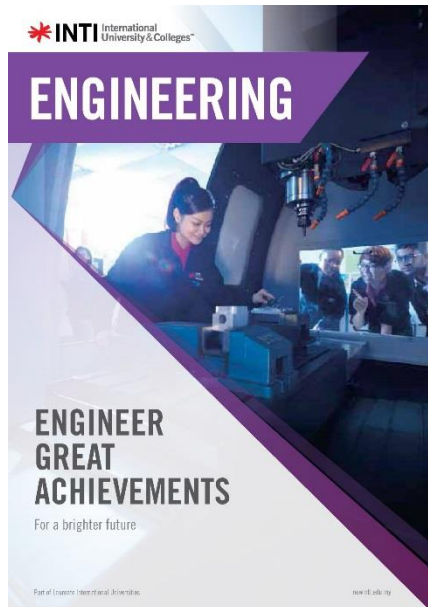

First in the market to launch the inclusion of **Glodon Building Information Modelling Software (BIMS)** for the most practical application leveraging industrial software systems

International Articulation with Queensland University of Technology, University of West of England and University of Portsmouth, UK which includes study trips and cultural exchange opportunities

Personalised development where students will receive a personal "love letter" to capture their learning journey upon graduation

Why Engineering at INTI?

Cross Campus Program Offering

Civil Engineering	Electrical & Electronic Engineering	Mechanical Engineering	Quantity Surveying
<p>Qualified Academic Staff whom are professionally qualified engineers with majority possessing PhD.</p> <p>Extra Curricular industry site visits for interaction with working professionals which included spillways at the Cameron Highlands and Penang 2nd Link Bridge design.</p> <p>International Articulation with prestigious University of Leeds and University of Portsmouth</p>	<p>Strategic Partnership with leading industry partners such as Motorola Solutions which award students to contribute towards the enhancement and innovation of Malaysia's E&E sector</p> <p>Granted access to extensive extra curricular activities which covers global competitions such as the Laureate Award for Excellence Robotic Engineering</p> <p>Enhancement Program that include mastery of MS Office and effective communication skills to prepare them for employment</p> <p>Project Based Learning (PBL) with reputable industry players at Year 2</p>	<p>International Articulation with the leading Australia Group of Eight that consists of Australia's eight leading research universities with several notable UK universities including the prestigious Coventry University.</p> <p>Extra Curricular Activities in addition to internship such as the Engineering Fair and INTIgenieur that showcases our student's innovation as a mini project.</p>	<p>First in the market to launch the inclusion of Glodon Building Information Modelling Software (BIMS) for the most practical application leveraging industrial software systems</p> <p>International Articulation with Queensland University of Technology, University of West of England and University of Portsmouth, UK which includes study trips and cultural exchange opportunities</p> <p>Personalised development where students will receive a personal "love letter" to capture their learning journey upon graduation</p>

Why Computing & I.T. at INTI?

- One of the most dynamic field of studies, we ensure our modules support current industry needs
- Our curriculum is integrated with CISCO Academy ensuring our students are CCNA certified upon graduation

Industry Ready Training

Recent developments in technology and the knowledge-based economy have prompted **addition of modules** that **support E-Commerce Online Businesses, Specialization in Network Security**, and the usage, implementation and application of **Big Data**, in particular, for business intelligence.

Strong tradition of internship with leading technology companies like Sony, Ricoh, Western Digital, Unisem, On Semiconductor, Profitera help provide invaluable workplace experiences to be job-ready.

Constant Skills Enhancement

Regular workshops allow INTI to **impart skill sets** such as creation of mobile Apps, Android development, PC Hardware Troubleshooting and introduction to Operating System Modules from SUSE LINUX.

CISCO Academy

INTI is the only private academic institution with curriculum **integrated with CISCO Academy** to be CCNA (Cisco Certified Network Administrator) certified upon graduation.

International Expertise & Collaboration

Regular lectures by visiting professors, industry professionals and guest lecturers to expose students to current industry practice, **real-world scenarios and technologies** to stay abreast of the latest changes in I.T.

Visiting lecturers facilitate in and outbound study tours as well as transnational projects with leading companies such as IBM and Dell.

Regular Exposure to World-Class Competitions

In 2016, INTI's Computer Science students took part in a 24-hour hackathon session organized by iFlix Malaysia and finished Second Runner and was awarded Best Student Team.

In 2015, student teams from INTI took part in the AppAsia Mobile App Challenge which saw them applying their ingenuity, creativity and knowledge to create original mobile applications.

Why Computing & I.T. at INTI?

- One of the most dynamic field of studies, we ensure our modules support current industry needs
- Our curriculum is from Coventry University, UK - *University of the Year 2015 – Times Higher Educational Awards*

Virtual International Lecture

International Lecture - with UPES India (Mr. Vishwas) Topic: Virtual Memory

Virtual lectures and conferences as part of the syllabus to provide students an immersive digital learning exposure and experience.

Industry Field Trips

Field Trip: Motorola Solutions

Off campus excursion through industry field trips help expand students' horizon as well as their knowledge of a subject.

Employer Projects

Employer Projects: Flex

Hands-on experience through employer projects is a critical aspect of Computing & I.T. at INTI.

Why Computing & I.T. at INTI?

- One of the most dynamic field of studies, we ensure our modules support current industry needs
- Our curriculum is from Coventry University, *UK - University of the Year 2015 – Times Higher Educational Awards*

Competitions

Young Innovate Challenge 2016

The annual Young Innovate challenge collaborates with secondary schools students to solve real life problem while being mentored by IICP undergraduates. Among the objectives include learning, problem identification, prototyping, and problem solving.

Workshops

Resume & Interview Workshop

Resume writing & interview tips by Motorola Solutions Human Resources Consultant Mr. Peter Lee to improve students' resume writing skills and provide preparation for internship interview.

Guest Tutor from Partner University

Orientation Day

Orientation day briefing by Coventry link tutor Dr. Reda Al Bodour and Head of Programme Dr. Lim Chia Yean to introduce and familiarise students with the course structure.

Why Computing & I.T. at INTI?

- One of the most dynamic field of studies, we ensure our modules support current industry needs
- Our curriculum is from Coventry University, UK - *University of the Year 2015 – Times Higher Educational Awards*

- 3+0 Bachelor of Science (Hons) in Computer Science
- 3+0 Bachelor of Science (Hons) in Computing

Industry Partners' Day

Cisco Day

Talk on Cisco products, internship & career opportunities in their company upon graduation

Career Talks

NLTVC Sdn. Bhd. Internship & Career Talk

Sharing of internship projects by the IT team from NLTVC company, as well as an internship and career opportunities

Enhancement Workshops

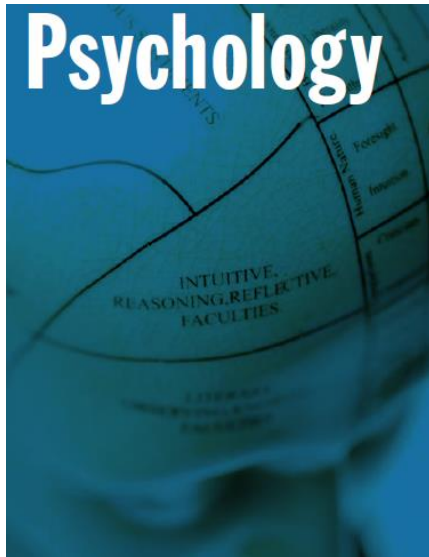

Gamification: Mastery Workshop for Educators

Lecturers are taught new teaching approaches and derivation of lecture modules through gamification

New Psychology at INTI

NEW

- Attain your full American Psychology Degree right here in Malaysia
- We also offer the choice of a Business Degree with Psychology that supports employment in Human Resource, Sales and Marketing roles, a dual award from UK

BA in Psychology

Southern New Hampshire University, USA
IICS, Subang

Earn your BA in Psychology from Southern New Hampshire University and become well-versed in major psychological concepts, human behavior and research methods.

- Understand human thought and behavior concepts, theoretical perspectives, empirical findings, trends and ethical issues
- Demonstrate psychological knowledge, skills and values during experiential learning experiences
- Develop insight into behaviors and mental processes and apply effective management and improvement strategies
- Apply fundamental research methods in psychology, research design, data analysis and interpretation
- Use major research methodologies to critique, analyze and interpret results of psychological research
- Display effective written and oral communication skills, and extensive computer skills

Bachelor of Business (Hons) with Psychology, **University Hertfordshire, UK** **IIU, Nilai**

This unique program provides students with an academically challenging and vocationally relevant study in the field of business and content application in psychology.

- Graduates will have an understanding on how people buy and relate to goods and services which very much applies to business context.
- This program also help understand and improve workers, workplaces and organizations' productivity and well-being.
- Graduates will be able to work in Human Resources, Marketing and Sales department as it would be very relevant.

Thank you for your interest once again.
